

DEPARTMENT OF THE AIR FORCE
142D FIGHTER WING (ACC)
PORTLAND AIR NATIONAL GUARD BASE OREGON

18 January 2018

MEMORANDUM FOR ALL BASE PERSONNEL

FROM: 142 FW/CC

SUBJECT: Environmental Commitment Statement

1. Our installation is committed to continued excellence, leadership, and stewardship in protecting the environment as outlined in Air Force Policy Directive 90-8. Environmental protection is a primary management responsibility as well as the responsibility of every worker and supplier. In keeping with this commitment, our vision is to reduce waste through pollution prevention, continually improve our environmental performance by minimizing our impacts on the manmade and natural environment, and maintain compliance with all applicable environmental regulations, instructions, and executive orders at all times. Our basic tenants include:

- a. Environmental protection is a line responsibility. Every worker is responsible for environmental protection in the same manner as worker safety.
- b. Compliance with all federal, state, and local environmental regulations is paramount in all we do, but additional emphasis will be placed on reducing our impacts on clean air and water in the local area.
- c. We are committed to reducing or eliminating the generation of waste. This will be a prime consideration for future decision-making.

2. Integrating this commitment with the missions of the host and tenant units on our base will be accomplished through participation in our Environmental Management System (EMS). Appointed unit representatives will support the EMS process as Cross Functional Team members. The appointed EMS coordinator is Mr. Roger Rein, his number is 503-335-4462.

3. Please contact Colonel Chris Lantagne at 503-335-5000 with any questions or concerns.
